

2nd Structured Products Forum at the SFOA “Bürgenstock” Meeting

Save the date for 2011:
Wednesday, 7 September

Looking back

For the first time, Scoach invited its clients to a Structured Products Forum as part of the renowned SFOA “Bürgenstock” Meeting at the Victoria-Jungfrau Grand Hotel in Interlaken on 8 September. Fully booked, the Forum offered two sessions – one on trading models, the other on the developments in the distribution of structured products. Both sessions were hosted by Scoach’s CEO Christian Reuss. He was accompanied by international experts from the structured products business, such as Christoph Lammersdorf, CEO of Börse Stuttgart, Yong Whoan Kim and Jong Chan Park of Korea Exchange, Esther Wandel, European Commission of Internal Market and Services Directorate and Ronald Angst, Partner at Picard Angst Group. All the participants had the possibility to join the official SFOA „Bürgenstock“ opening cocktail after the Structured Products Forum.

In addition to the conference, there was also time for a social get-together. The forum closed with a delightful dinner on the top floor of the restaurant Metropole, offering breathtaking views of Interlaken and the Bernese alps.

Some impressions of the 2010 Structured Products Forum

Looking ahead

Due to the positive feedback regarding the first Structured Products Forum, Scoach is planning to repeat the event in 2011. It would be our pleasure to welcome you again, or for the first time, next September in Interlaken – eventually also for the entire 32nd SFOA “Bürgenstock” meeting.

Swiss Futures and Options Association

The Swiss Futures and Options Association (SFOA) was founded in 1979 as a non-profit professional association for the purpose of promoting derivative financial instruments, particularly standard futures and options contracts on financial instruments and commodities, to the widest possible audience, and to serve the interests of its members. SFOA is the renowned host of the annual “Bürgenstock” meeting, where executives of international exchanges, regulators, sister organizations, financial and servicing institutions from all the continents gather and meet.

Invitations to the 2011 conference will be sent out in spring. As the program takes shape, all necessary information will be available on the official SFOA webpage: www.sfoa.org
